

Internship Offer Letter

Offer for the position of Growth and Business Development Intern

Candidate	Natasha Landge
Designation	Growth and Business Development Intern
Function	Marketing, Sales, Outreach and Business Communication
Joining Date	12 June 2026
Work Mode	Hybrid
Internship Duration	6 months
Stipend	Performance-based

Dear Natasha Landge,

We are pleased to offer you an internship with SrS Logics as Growth and Business Development Intern, joining from 12 June 2026. This internship is offered for marketing support, sales outreach, client communication assistance, content development, campaign support, and business development activities for SrS Logics.

This offer reflects our expectation that you will approach the internship with discipline, confidentiality, curiosity, and a serious interest in learning through real business work.

Role and Responsibilities

- Support marketing, lead generation, outreach, and business communication activities.
- Assist in preparing content, campaign material, client communication drafts, and market research notes.
- Help identify potential client segments and support structured follow-up under company guidance.
- Maintain confidentiality of client leads, internal strategy, pricing discussions, business data, and company material.
- Follow SrS Logics communication standards while representing the company in any assigned work.

Internship Terms

- This is an internship engagement and does not automatically create permanent employment unless a separate written offer is issued by SrS Logics.
- Your working hours, reporting structure, review cycle, and assigned work mode will be communicated by the company during onboarding.
- Any stipend, incentive, travel support, or reimbursement will apply only if confirmed in writing by SrS Logics.
- The company may revise assigned responsibilities based on business requirements, client work, training needs, and performance during the internship.
- Either party may discontinue the internship with prior written communication, subject to return of company material and completion of handover where applicable.

Confidentiality and Work Ownership

During the internship, you may have access to client information, software logic, internal discussions, business material, leads, documents, code, designs, credentials, or operational data. You are expected to keep all such information confidential and use it only for assigned work.

All work created, contributed, drafted, designed, coded, documented, or developed during the internship for SrS Logics or its clients will remain the property of SrS Logics unless otherwise agreed in writing.

Acceptance

Please sign and return a copy of this letter to confirm your acceptance of the internship offer and the terms mentioned above.

For SrS Logics,

Shubham Ramesh Singh
